TERMS OF REFERENCE

DEVELOPMENT OF BUSINESS CASE FOR THE ECONOMIC REGENERATION OF MACLEANTOWN FOR A PERIOD OF 12 MONTHS

1. BACKGROUND AND CONTEXT

Macleantown is situated 34 km north west of East London in the Buffalo City Metropolitan Municipality. The major challenge facing the town is slow economic growth resulting in the high levels of unemployment and poverty. While there is vast parcels of arable land secured for the community through the Land Restitution Programme, there is however a lack of an intensive drive to identify, package and profile economic development opportunities in order to attract investment. The area has vast parcels of land that are suitable for large scale production and processing of agri-produce as well as enabling conditions for renewable energy and tourism.

To ensure that Macleantown becomes a sound and fully functional part of the BCMM's economic landscape offering residents a range of life opportunities to improve their quality of life, the BCMDA is undertaking an Economic Regeneration Programme of the area which seeks to build and sustain a vibrant local economy that is grounded on the area's comparative advantage in agriculture, renewable energy, tourism and other related economic sectors.

However, these sectors can only thrive when there is sustained private sector investment that will enable access to markets through strategic partnerships and off take agreements. This therefore requires the packaging of persuasive business cases that primarily incorporate opportunity and output analysis, feasibility assessment, market analysis and assessment of enablers aimed at encouraging investment while repositioning Macleantown as a desirable investment destination. CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
